

# CAUSE *and* AFFECT

Creating unique art for a cause  
while affecting change in our  
community at the same time

We'll customize an arts and entertainment  
program specifically for your event!

## ATHENA PROJECT

ENVISIONS A WORLD  
WHERE WOMEN'S VOICES  
ARE POWERFULLY EXPRESSED  
AND RECOGNIZED FOR ARTISTIC  
MERIT IN THE COMMUNITY.

Our mission is to empower women and strengthen the Denver community by developing and showcasing women's and girls' artistic contributions, while inviting new audiences into the creative process.

We embrace, encourage, and empower female artists by creating opportunities for their art to be showcased in the community.

**CAUSE & AFFECT** is a program designed to support your organization's mission with the creation of a customized arts entertainment program that will meet your needs, your budget, and your time frame.

As a nonprofit organization, we know the amount of time and effort that goes into managing a fundraising event. By outsourcing the entertainment portion of your event, you and your staff can focus on all the other details.

Fundraising events are important because they give potential supporters more information about your mission, while also providing a source of entertainment.

Our job is to learn about you, your mission, and your event and then determine the best affect we can have on your cause.

An example of our service was a partnership with **The Blue Bench**. We wrote, directed, and produced a short play which spoke directly to the mission of their organization. It was well received by the audience (as well as the staff and board) and it contributed to their most successful fundraising breakfast to date. Additionally, this original theatre piece can now be used at future Blue Bench events.

We'd love to speak to you about the needs of your organization and create an art piece that's a perfect fit. Whether theatre, live painting, dance, or music, our connections and experience in hosting events can help you reach your fundraising goals.
